for the Hairdressing & Beauty Suppliers Association (HBSA)

Supporting the Hair
and Beauty Industry

The HBSA is a trade organisation for suppliers to the professional hairdressing and beauty industries. We've provided a voice for the industry since 1926, sharing knowledge and offering support when needed. Our members include the top-level decision makers from product manufacturers, wholesalers, distributors, wig makers, publishers and industry event managers.

The Association exists to support its members. We are there to answer questions and to find solutions to members' day to day challenges. The Association is managed by a General Manager and we have an advisory Council which meets five times a year. Within the Council, there is huge amount of resource, knowledge and experience, so if a member company is in need of advice and support we can usually find a solution for you.
