It is great to see another substantial Exhibitions Report from our new editor, Emma Hobson.

We are grateful to all our regular contributors but always eager to encourage others to join in.

**16th-18th March 2023**

Cosmoprof Worldwide Bologna returned in March this year for its 54<sup>th</sup> show, attracting more than 250,000 professional visitors from 153 countries. With a total of almost 3,000 exhibitors, the 3-day event was spread across 34 halls and more than 160,000sqm. A 3-in-1 event with varying opening dates, Cosmoprof Bologna is a huge show, which offers a one stop destination for each specific industry within the Beauty Sector.

Delayed last year due to Covid, this was the first time the show has taken place in its regular timeslot since before the pandemic, so it was a welcome return to normality for the regular attendees.

Not only an excellent opportunity to meet with existing customers and industry friends, the show also attracts buyers from all corners of the world making it an ideal event to start up new conversations in potential markets. Among the many returning exhibitors, the high

volume of new brands showcasing their range for the first time on such a scale allows visitors the chance to see what is trending across the globe.

Various Country Pavilions allow buyers the opportunity to visit suppliers and manufactures from specific countries and regions in one hall area.

There are also designated mixer events for exhibitors, allowing the chance to mingle, to catch-up with returning exhibitors, and also to identify any new opportunities in a more social setting.

With Educational Sessions, Talks and Onstage Demonstrations, the focus of Cosmoprof Worldwide Bologna is very much on trends, product innovation and overall excellence.

Given the strain on the global economy, the crowds demonstrated that suppliers and customers alike are keen to proceed with business as usual, with face-to-face interactions proving to be invaluable.

Preparations are already underway for Cosmoprof Worldwide Bologna 2024, which will kick off on March 21<sup>st</sup>.

## Cosmoprof Bologna 2023

The 54th edition of Cosmoprof Worldwide Bologna attracted visitors over 220,000 visitors from 144 countries including Spain, France, Poland, Germany, UK and USA, and saw more than 1200 media attend.

Professional Beauty Systems exhibited their hair and beauty brands including OSMO, Crazy Color, Colorissimo, Apraise, Kaeso, Crazy Angel, Skintruth and TanTruth in the British Pavilion in Hall 19 at Cosmoprof Bologna.

The show stopping stand attracted a large international audience, with new customers from Dubai, Taiwan, South Africa, Morocco and Brazil attracted by the brands strong imagery and large product offering. NPD additions to the Professional Beauty Systems brand portfolio proved popular with customers both new and existing.

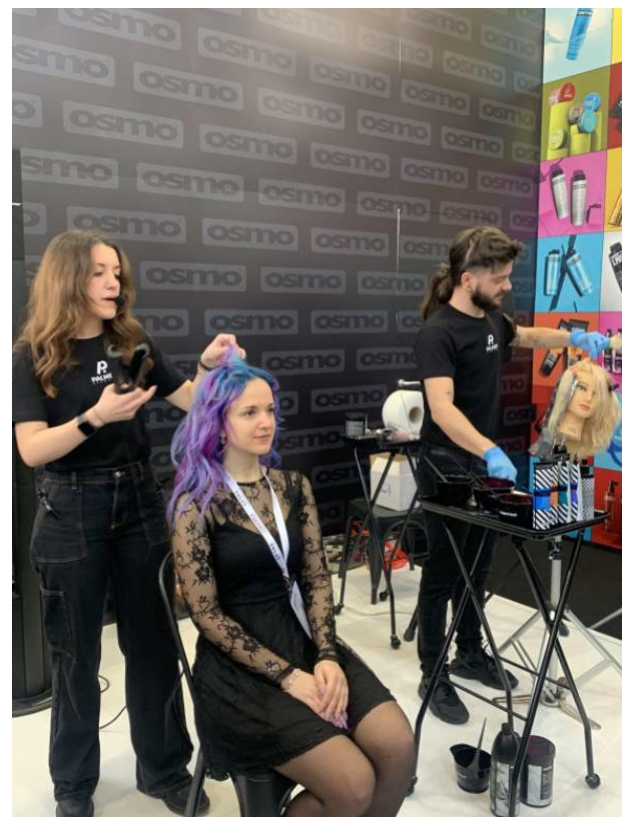

## Poker Stand with OSMO

OSMO had another successful trip to this year's Cosmoprof exhibition in Bologna, taking a stand in association with their exclusive Italian distributor POKER.

With the full range on display and a number of POKER's sales managers in attendance, visitor numbers were high and just over 100 genuine leads were created over the show's duration.

POKER will be focusing heavily on OSMO and OSMO IKON education over the coming year and took the opportunity to showcase some of what their proposed OSMO training courses would look like at the event. Two fully OSMO trained members of Bologna's 'Palmer School of Hairdressing' carried out a number of live demonstrations using Color Psycho and OSMO styling products which coincided with POKER's show offer when signing up for training.

The POKER training course programme begins in May with OSMO Educator Lesley Stitt travelling to Italy to deliver education in Modena, Rome and Naples.

## ***FFØR at Cosmoprof 2023***

FFØR had a successful time exhibiting at this year's Cosmoprof Bologna. With an amazing new stand that stood out amongst the other professional haircare stands, they saw visitors come on stand from 26 different countries, as well as some current partners who were able to make the journey this year.

## Top Hair, Dusseldorf 1<sup>st</sup> and 2<sup>nd</sup> April 2023

Top Hair 2023 proved itself once again to be one of Europe's top exhibitions to the hairdressing professional sector show with over 26,000 visitors through the door from 39 countries worldwide.

This 2-day event was spread across 3 halls where hairdressers and barbers came to be inspired by the packed calendar of educational shows and over 40 hours of workshops by the likes of Patrick Cameron, Kevin Murphy, Wahl, Dyson and a real belter of a show from Allilon Education Team. There was a real emphasis this year on education and a broad programme of seminars, training and educating for hairdressing helping them to better themselves and grow business in their salons.

Visitors to the exhibition were treated to over 60 workshops spread across 5 stages from the latest trends and colours to online social media marketing.

Approximately 400 exhibitors and brands from 19 countries attracted crowds to their stands to snap up show specials and be the first to see new product launches.

Despite global economic challenges, the packed halls over the 2 days proved that hairdressers are keen to attend these exhibitions, network and make those impulse purchases.

For the first year, barbers were treated to shows by Barber Experience and the show finale was the battle of the barbers.

'Top Salon - The challenge' hosted their awards ceremony yet again for another year where the very best salons from Germany and, for the first time, also from Austria and Switzerland, were presented with awards in five categories by the hairdressing trade magazine TOP HAIR.

The Saturday proved to be the busiest of the days with a real buzz amongst visitors and tills ringing all day.

The next TOP HAIR, Düsseldorf will be held on Saturday 23rd and Sunday 24<sup>th</sup> March 2024.
